

2009-2010 Plumbing Design & Handbook Classes

DATE: Tuesday, February 16, 2010

BASIC CLASS: **CPD Preparation Class**

VENDOR CLASS: **Residential Fire Protection** *(See the February newsletter for details)*

SPEAKER: **Jim Prisby**

DESIGN CLASS: **Water Safety=Life Safety: Mechanical Engineer/ Contractor/ Hospital Engineer**

This presentation offers an in-depth examination of the undeniable impact that the domestic water system has on safety, clinical outcomes and economics. We will explore the climate of regulatory and health care reimbursement pressures that are shaping new “best practices” for Mechanical Engineers to minimize risk related to domestic water system contamination. Discussion will cover what the DOD, VHA, ASHRAE, and other proactive organizations are doing to increase the safety of domestic water systems; Calculate the potential economic impact of risk avoidance, a ten-year outlook for one hospital; Address common misconceptions and how to avoid dangerous plumbing design pitfalls; Identify strategies to sanitize domestic water systems and the impact of different methods; on facility resources; How to navigate the realm of legal responsibility and reduce liability exposure.

SPEAKER: **Stacey Wesselink**, National Director, Pathogen Div., LiquiTech Environmental Solutions

TIME: 6:00 - 8:30 pm

WHERE: Plumbing Industry Training Center
1911 Ring Drive - Troy, MI 48083

Visit www.aspe.org/Eastern_Michigan/pdf/plumbingschool.pdf for a map

After losing two family members to hospital-acquired illnesses, Stacey Wesselink joined LiquiTech Environmental in 2008 to foster the growing culture of patient safety initiatives in hospitals. As National Director of the firm’s Pathogen Division, Stacey works closely with hospitals, architectural and engineering firms to develop best-practices that reduce life safety risks associated with waterborne pathogens.

Jim Prisby has been with Uponor, a Radiant Heating/Cooling, Plumbing, and Sprinklers Systems Manufacturer based out of Apple Valley, MN, since 2003 and is currently the Midwest Regional Technical Services Representative. His role involves getting customers comfortable with the design and installation of Uponor products offering, which include Radiant Heating and Cooling Systems, Plumbing Systems, and Residential Fire Sprinkler Systems. He started his career in the plumbing and HVAC industry over 22 years ago. His professional experience includes the design, installation, and technical support of Heating, Cooling, Plumbing, Fire Sprinkler and Electrical Systems. He has worked as a contractor, distributor salesman, regional sales manager, trainer, college instructor and technical sales. He holds an Associate’s Degree in Electrical/Electronic Systems and a Bachelor’s Degree in Interdisciplinary Studies. Jim is a LEED Accredited Professional and a member of the Radiant Panel Association (RPA), U.S. Green Building Council (USGBC), Illinois Solar Energy Association (ISEA), and International Ground Source Heat Pump Association (IGSHPA).

CLASSES

Classes are open to anyone interested—you do not need to be a member to attend classes. There is **no charge** to attend classes. Registration is required. SEE reverse side for registration information.

DINNER

A hot catered dinner is available at a cost of \$15 per person to non ASPE, ASSE and MBPA members. Cash (at the door) or checks made payable to ASPE-EMC are accepted. We ask that you please notify us when you register for class if you plan to eat dinner.

ASPE PLUMBING ENGINEERING DESIGN HANDBOOK CLASSES

Basic classes are held each month, unless otherwise stated, from 3:30 - 5:30 pm with instructor, Joe Hernandez, CPD.

VENDOR CLASSES

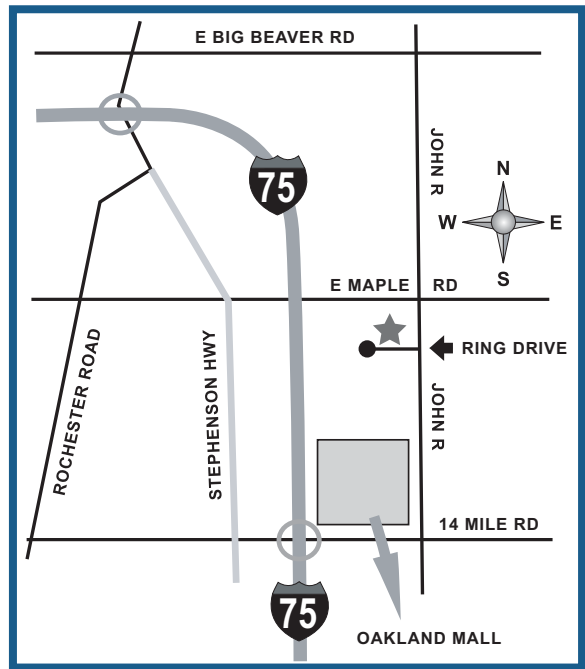

Get introduced to the latest technologies. Classes run from 3:30 - 5:30 pm.

ASPE Eastern Michigan Chapter Plumbing Design Classes

Plumbing Industry Training Center

DATE: Tuesday, February 16, 2010
 WHERE: Plumbing Industry Training Center
 1911 Ring Drive - Troy, MI 48083

TIME: 3:30 - 5:30 PM
 BASIC CLASS: **CPD Preparation Class**
 VENDOR CLASS: Residential Fire Protection
 SPEAKER: Jim Prisyh
 DINNER: 5:30 - 6:00 PM
 PROGRAM: **Water Safety=Life Safety: Mechanical
 Engineer/ Contractor/ Hospital Engineer**
 SPEAKER: **Stacey Wesselink**, National Director, Pathogen Div.,
 LiquiTech Environmental Solutions
 TIME: 6:00 - 8:30 PM

PLEASE NOTE

Topics, times and places are subject to change, depending on the availability of the presenter or unpredictable circumstances. Check our web site for the most up-to-date information.

SPREAD THE WORD!
 Please post a copy of this flyer on the bulletin board at the place where you work.

REGISTRATION

Registration is *required* by 5:00 PM on the **Friday** prior to the day of class. Visit our web site at www.aspe.org/Eastern_Michigan (*URL is case sensitive*) for easy registration and a printable map to the Plumbing Industry Training Center. Register by contacting ASPE VP Technical David Rhodes with your name, contact information and indicate if you will be eating dinner:

- BY PHONE** - David Rhodes at (586) 739-8915 x 59 *or*
- BY E-MAIL** - drhodes@cr-plumbing.com
- BY FAX** - Fill in the form below and fax it to the attention of Mary Chapman at (313) 341-1007.
